

Dear Parent/Guardian/Carer

“The ‘Mastering Diabetes’ information packs have now been sent to every Victorian family with a child who has type 1 diabetes registered with the National Diabetes Services Scheme (NDSS). Families have been asked to give their school a copy of this resource to keep”. If you have not received your pack

please contact Diabetes Australia - Victoria on 1300 136 588 *Diabetes Victoria 2015

To assist with your child’s Diabetes management at school, it is essential for staff to have reference to a **Diabetes Management Plan and a School Action Plan**. Your pack will include a Diabetes School Action Plan suitable to your child’s needs. Please print the Action plan in colour, attach a colour photograph and return it, along with a diabetes management plan, to the General Office.

Camps require a dedicated camp plan. You will need to forward a detailed up-to-date Diabetes Management Plan directly to the Camp Coordinator. Please ensure you contact the Camp Co-ordinator to discuss your child’s individual needs.

Please also supply the College Health Office with a small emergency kit. A clear plastic container with a clip lock lid is ideal. Contents may include a small drink, jelly beans (or similar), a small tube of glucose gel, in-date glucagon, spare needles and testing strips as required. The nurse will contact you when you need to replenish any items.

If you have any queries regarding this or any other matter concerning the health of your child, please do not hesitate to contact the College Nurse. She is available to meet with you directly to further discuss your child’s individual needs. Please call the office on 97554555 to arrange a suitable time.
